

# KILLING BIRDS

Mr. Brown, an ornithologist, finds his wife with her lover. Furious, he kills his wife, her lover and her parents, sparing only his son. In the rage, he also kills a hawk, but before he can escape the hawk's companion claws his eyes out. Twenty years later, Steve Porter, a young ornithologist together with some students, starts the research of a rare bird specie. They get to Mr. Brown, the last person who has documented a sighting of the bird. Strange things happen when they arrive to the place driving one to one to death. The Zombie's revenge, souls killed by Browns fury. Steve and Anne escapes.
